RESPONSE TO ELECTION OF SPECIES REQUIREMENT

S I R:

In response to the Office Action mailed October 3, 2002, Applicants hereby elect without traverse the invention of Group 1, and the species embodied in figures 28-30. The claims readable thereon are claims 1 - 4, 6 - 12 and newly added claim 20. Please amend the following claims pursuant to this restriction requirement:

Please cancel claims 5, 13-19 without prejudice to filing in a divisional application.

Please amend the claims to read as follows:

54215  
B1

1. (Amended) An apparatus for forming an artificial valve to treat gastroesophageal reflux disease comprising:  
a first endoscope to be inserted from the mouth into a body cavity;  
a holding device extending out of the distal end of the first endoscope <sup>for</sup> and holding a point of a digestive wall of the cavity body where the artificial valve is formed;
